GRAYLING, MICHIGAN, MARCH 4, 1926

OSCAR P. SCHUMANN, Editor and Proprietor

NUMBER 9

## Michigan Happenings

The committee in charge of the Monroe county historical pageant to be staged at Monroe June 23 and 24, announced that a large group of Indians from Walpole Island, Ontario, will be here and take special part in the pageant, depicting the early history of Monroe. The Indian band will accompany this delegation to play in the home-coming parade on the afternoon of June 23 and an Indian village will be set up in the city. Bert S. Knapp is the chairman of the pageant committee and H. D. Schubert, secretary.

Miss Virginia Frank of Dayton, O., Albion College student who recently was given a leading role in the opera "The Student Prince," despite a lack of stage experience, will not play for at least three weeks and will disappoint several hundred Albion friends who had planned to hear her either at Battle Creek or Jackson. She was taken ill while visiting friends here and underwent an operation at the Sheldon Memorial Hospital for appendicitis.

The "dead line" after which no State Normal college co-ed is permitted to remain away from her rooming house at night without being required to explain her action to Dean Lydia I. Jones will be extended on March 1 from 10:30 p. m. to the present time to 11:30 p. m. Miss Charles McKenney voices the unanimous action of the student council, which recently voted in favor of such a change in rules.

Urging that business men pay more attention to education and aid in the development of a training which will fit the student entering business to more readily acquire the methods and ideas peculiar to the business he undertakes, Dr. Clarence Cook Little, president of the University of Michigan, addressed the members of the Michigan Real Estate Association at the Michigan Union.

Ownership of the safe found at the intersection of the Nine-Mile and Lasher roads by county officers, was established after officers had conferred with William C. Guensha, manager of the Fine Arts theater, 2554 Woodward avenue, Detroit. The safe was stolen from the theater, rifled of its contents and apparently dumped into the ditch. The door had been blown off.

Action that would have given the University of Michigan the new football stadium for which agitation has been carried on for the past few years, was postponed for a month at the last monthly meeting of the board of regents of the university. This is the second postponement of action on the matter, a similar course having been followed by the regents last month.

The Briggs Investment company of Detroit has notified the village council of Birmingham that the construction of a \$200,000 theater building at Woodward and Maple avenues will be begun immediately. The theater will be leased by the John H. Kunkley interests, who will equip it with furnishings costing about \$100,000, including a pipe organ. It was announced.

Carefully avoiding the use of the term "birth control," Dr. Clarence Cook Little, president of the University of Michigan, nevertheless discussed the subject before the delegates of the American Congress of Internal Medicine at Ann Arbor. The congress moved there from Detroit for clinical demonstrations at the University hospital.

Locked in her boarding place by Normal school students, who as a joke sought to defer her marriage to H. R. Leverette, Miss Lenora Canaday, of Kalamazoo, outwitted her captors by making a rope of bed sheets and lowering herself from a window to the ground two stories below. The wedding took place at the scheduled hour.

The village council of Birmingham voted recently for the sale of \$99,700 in bonds to the Fidelity Trust company of Detroit. The money will be utilized for the erection of an elevated water tank and the extension of the water system.

Charles R. Henry, 69 years old, one of the most widely known attorneys of Michigan, died recently at his home, 305 State avenue, Alpena, after a long illness of heart trouble which culminated in a stroke of apoplexy.

Fern Browers, 5-year-old son of Mr. and Mrs. E. J. Browers, of Millette, a small town five miles southwest of Lansing, burned to death when his clothing caught fire from a stove. The boy was at home alone when the accident occurred. The mother had left the house for a moment to go to a store nearby. When she returned she found the child in the doorway, his clothing a mass of flames. She extinguished the fire, but the boy had suffered such serious burns that he died within two hours.

Expressing regret that wearing apparel has been shifted to the rear of the trinity of life's necessities, food, shelter and clothing, Frank Armstrong, of Wyandotte, before the sixteenth annual convention of the Michigan Retail Clothiers and Furriers association at Grand Rapids of which he is president, decried the "sale-ing-in-and-out-of-season" by the dealers. He stressed the importance of personal appearance, comfort, style and quality as essential elements of any forward looking advertising campaign as well as the bargains offered.

Phil T. Colgrove, Hastings, president of the Michigan Good Roads association spoke in favor of the good roads in Michigan following a mid-day luncheon of the Monroe Exchange club. Colgrove said that last year the tourists from the east and south parts of the United States spent more than \$200,000,000 in Michigan. This was one of the financial returns to the state for the expenditure of the vast amount of money which the state expended during the last four or five years in the building of trunk line and state award roads.

Two hundred and seventy-five students of the University of Michigan have been asked to leave school because of poor marks during the past semester. It was announced at the office of the dean of the literary college. Sixty-one have been placed on probation for the next semester. The number expelled this year is greater than that of the past several years; only 225 being placed on the home list last year. Only 40 of these expelled were women students.

The last call for schools expecting to enter the district basketball tournament has been issued by the Michigan High School Athletic Association. The entries will close Saturday, February 20, as specified by the tournament committee. This is three weeks prior to the tournament dates, March 11-12-13. Officials at the many district centers around the state are looking for a last minute rush, particularly by the smaller schools.

The funeral of the late Charles Mortimer Peck, internationally known newspaper writer, formerly of Jackson, who died in New York Friday was held Monday. The services were conducted by Rev. Dr. L. T. Magill of the First Baptist church which the deceased attended as a lad. The body was laid beside those of his parents and other relatives in Evergreen cemetery.

Sentiment of the Michigan Retail Clothiers' and Furriers' Association at its convention at Grand Rapids, apparently was opposed to general adoption of the so-called 10 percent plan of setting merchandise, but a few retailers boldly asserted they have given it their full endorsement. One of the opponents was G. R. Rappart, of Pontiac.

Enacting a scene from a story they had just read, Laverne McCoy, 15 years old of Grand Rapids, grasped a rifle in the home of Herbert Lehman, 14, pointed it at his companion and pulled the trigger. The rifle discharged, the bullet entering Lehman's left chest. At the Butterworth hospital, where the boy was taken, it was said he would recover.

The Attorney-General's department has decided that no proceedings will be started to remove Sheriff Glenn R. Wilson, of Saginaw, for his alleged part in the Frankenthum revels three weeks ago, unless ordered to do so by Gov. Alex J. Groesbeck. Formal charges are necessary to bring the case to the executive's attention.

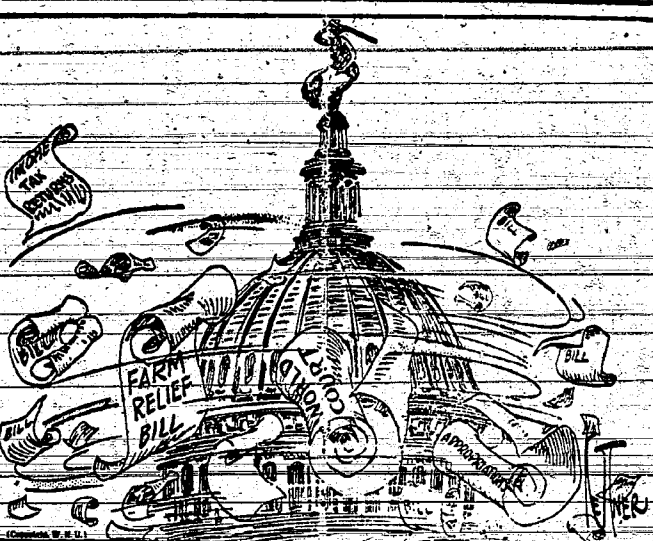

A petition has been received by the county road commission at Monroe asking to improve a road commencing from the village corner of Seefeld on the Carleton-Seefeld road, south half a mile and then east two miles and connecting with the Heiss road, Exeter township. Petition was taken under advisement.

Twenty fishermen who were fishing through the ice on Lake Michigan at Nine-Mile Point, midway between Petoskey and Charlevoix, had to be rescued by rowboats when a strong wind suddenly blew from the East and moved the ice into the lake. Two-thirds of the fishing shanties also were saved.

The Monroe County road commission will receive bids March 10 for the construction of the Erie-Bedford road, 16 feet wide and seven miles long, and the Vienna road, 14 feet wide and one mile long. Bids will be opened at 10 a. m. Both roads are to be built of Macadam and to be completed this fall.

The explosion which demolished the annex of the Grand Rapids post office on Nov. 12, 1924, with the loss of three lives, was not the result of negligence, a jury in Circuit Court has decided. The jury returned a verdict of no cause for action in the damage suit brought by Mrs. Theresa M. Patterson, widow of one of the men killed in the explosion against the Grand Rapids Gas Light Co. Attorneys for the gas company held that a bomb being sent by mail caused the explosion.

## Whirl of March Winds

## STYLE SHOW BIG SUCCESS

The fashion show given by the Goodfellowship club Saturday afternoon at the school auditorium was greeted by an enthusiastic crowd of ladies. The stage had been arranged very attractively with wicker furniture, brightly colored hat boxes, hat stands and bouquets of flowers. A continuation of the stage had been built to the center of the Auditorium, on which the models posed.

The show opened with a solo dance by Jane Keyport, which was most cleverly given and gracefully carried out. It was a hat dance in which the little lady had mischievously played with her mother's hats. During its portrayal the different hats to be modeled were brought out and placed upon the hat stands. Miss Jane keeping step to the music thrut out the act. She received a fine applause upon completion of the dance. The fashion show proper then began by the different models appearing and re-appearing in close succession as follows: Miss Grace Bauman, Mrs. Ruby McNeven, Miss Lucile Hanson, Miss Fern Armstrong, Mrs. A. M. Lewis and Mrs. A. J. Joseph. These blossomed forth in the flower-like shades of spring to the music of Schram's orchestra. There were frocks with the predominant plait and flare in the brilliant reds and oranges, and there were modish gowns in the new pastel shades so good this spring. Smart coats and chic hats were also on display, the coats featuring the straight line effects. The models were very graceful in their poses and showed off the clothes to their best advantage.

Miss Betty Welsh dressed to represent a pink blossom, finished the program with a dainty dance made up of pretty and graceful steps that was really flower-like. As a finale, she danced out on the extended platform and threw pink and white carnations to the audience.

Mrs. Marius Hanson and her assistants, Mrs. Estern Hanson, Mrs. Chas. Tromble, Mrs. Oscar Hanson, Mrs. G. R. Keyport and Mrs. G. G. Clippert are to be accredited with the success of this pretty affair which was much enjoyed by the public.

The articles on display were shown through the courtesy of the Grayling Mercantile Company and the flowers by the Grayling green houses.

## Benefit Ball

Mercy Hospital Ball given on St. Patrick's evening, March 17th, at the school gym. Tickets \$1.00 per couple. Extra lady, 50 cents. Everybody come and help a good cause.

## Dental Clinic

We have now some dental equipment in the Nurses' office for the benefit of all the children. Dr. Butler (McCann) will have charge of the work, and inspection of teeth will be free to all. Owing to limitation of equipment only temporary (first or baby) teeth can be cared for at the school, permanent work will have to be done down town. Nevertheless, this will be an excellent opportunity to prevent later decay and expense as well as preserve health, and this is Dr. McCann's object in doing the work.

In order to have work done the parent's signature will be necessary on the dental slip sent home. Prices are within the reach of all and those who have no money can make arrangements with the nurse for the financial part of it. NO CHILD'S teeth should go uncared for now-on. The present school inspection shows 61 per cent of defective teeth in the grades. Before school closes this should be 10 per cent.

## VILLAGE ELECTION MON. MAR. 8

Next Monday the regular annual Village election of the Village of Grayling will be held at the town hall, when you will vote for those duly nominated at the recent caucus to fill the various offices.

Following are the offices and nominations as they appear on the ticket. President—Thorwald W. Hanson. Clerk—J. Chris Jensen. Treasurer—Roy O. Milnes. Assessor—James W. Sorenson. Trustees, one year—Geo. Sorenson. Trustee, full term—Thorwald P. Peterson. Trustee, full term—Emil Giegling. Trustee, full term—Albert L. Roberts.

Our soda fountain is again running. Drop in and try a dish of ice cream, malted milk or a soda! Ice cream is not a luxury but a food. Central Drug Store.

Egyptian writing, cut in stone, is a good example of heavy reading.

## OFFERING DETROIT REAL ESTATE

The newly organized Huston-Mortenson Company, successor of the Benj. F. Mortenson Company, with offices in the Guaranty Trust Building, was formed to carry on a general real estate business in Detroit with the added idea of giving "every real estate service," according to Mr. Mortenson, president of the new company.

The Benjamin F. Mortenson Company, founded by Mr. Mortenson many years ago, handled subdivision business exclusively. During its period of existence, it placed more than 50 subdivisions on the market, in various sections in and about the city. Clients who purchased this property have realized millions of dollars of profit.

The firm's business possibilities were realized by Mr. Mortenson, who was then head of the Real Estate Company, who has a wide acquaintance throughout the country, formed the new organization to carry on the subdivision work and to broaden its activities by offering every possible real estate service.

Mr. Mortenson came to Detroit when the infant automobile industry was struggling to gain a foothold. The city was then known as "The Beautiful." He had an inkling of the future prosperity through the development of this industry; he foresaw a city of 2,000,000 inhabitants, so he gave up his career as a lawyer to provide home and business sites for the thousands who would flock to Detroit.

Through these years Mr. Mortenson has been going ahead, knowing the logical place to develop in order to meet the city's growing needs. He has sold more than 50 subdivisions, and has made fortunes for those invested with him. His first subdivision supplied homes for workers in the Hudson, Continental, Chalmers, and other plants, and his subsequent developments provided for Packard, Dodge, and other car companies, as well as those in other communities, out of town. He built, practically, Berkeley, Clawson, and other thriving home-site districts near Royal Oak, and started real estate activities at Redford and other places on Grand River avenue.

Two years ago Mr. Mortenson began developing College Park, foreseeing that this former "wilderness" would be transformed into an ideal home community. The village district has been planned and sold, and Marygrove College and the University of Detroit are being established there. Mr. Mortenson was the originator and leader of the College Park Improvement Association.

We have balanced our ideals with the experience of 17 years," said Mr. Mortenson, "and we have established a business policy that holds our ideals as its basis. These ideals will continue to be the policy of the new company. Today we know that we are serving the property buyer as he wishes to be served, by offering lots that are of adequate size, near his employment, thoroughly improved and restricted, and reasonably priced to permit resales later, at a profit.

"Today Detroit's 1,500,000 inhabitants rely upon that industry, in its swaddling clothes such a short time ago, and our company is still providing home and business opportunities for the investor and builder on that policy which has grown up and kept pace with the history of this era. The office of our company now occupies the entire third floor of the Guaranty Trust Building. This offering of subdividing the sound progress the company has made. From its inception until 1912 the company occupied 240 feet of floor space in the Sun Building. Its growing business then demanded more room, and 728 square feet of space in the Dime Bank Building. In 1924 the floor space occupied was 3,000 square feet, by the acquisition of the entire Lincoln Bond Building. Our present offices occupy 4,000 square feet.

"We stand today in a great, throbbing city—not like the town of 1908, which could not comprehend the development that came so suddenly—but one that is confident and eager for that certain, greater development. We face a situation similar to that of 20 years ago. Expansions, great expansions, will come. There is the Ford plant at River Rouge, with more than 25,000 employees. This figure will be doubled in a year or so. Paige, Jewett, Buick, Cadillac, and other automobile companies are in the same district, and another industry—the aircraft—which promises much for the future growth of Detroit.

Miss Gladys Johnson, daughter of Mr. and Mrs. Arnold Johnson, was united in marriage Sunday evening to Roy McEvers, son of Mr. and Mrs. William McEvers. The marriage ceremony was performed at the home of Rev. L. S. Davison. Miss Elvira Johnson attended her cousin as bridesmaid and Oscar Borchers served as best man. The bride and groom left Monday night for Monroe where they will make their home. Mr. McEvers having secured employment in the garage recently purchased by Harry Simpson, formerly of this city. Congratulations and best wishes are extended the happy couple by their many friends.

## Florida, Macon, Georgia, Lima, Ohio, Monroe and Detroit, making the trip in eight days. They report a wonderful time in the sunny southland, having covered about 6,000 miles on the round trip.

A large crowd attended the Grayling-Gaylord high school basketball games Friday night when both the high school girls and boys met the Gaylord girls and boys at the school gymnasium. Both games were fast and excellent team work was displayed. The girls game ended in a tie 2-2, and although our boys tried hard to win, it was their unfortunate loss by three points, the score being 2-15 in favor of the Gaylord boys. A goodly number of Gaylord rooters accompanied the teams to Grayling.

## COLEGROVE-LOES EVANG. CAMPAIGN

Keeping the church turning over a new leaf, being baptized or bringing out your best qualities, is not salvation from sin; you must believe in the Lord Jesus Christ as your Savior. If you are depending on your morality to get to heaven, I would have you know that God says man's own righteousness is as filthy rags in His sight.

Is a man going to live right? He must have the heart of a heart. A lot of folks say that they believe the Bible, but the fact is they only believe things about it; to be saved from sin they must believe its message and accept its Savior.

If you reject Jesus Christ as your Savior you have committed the only sin that God cannot forgive; for you have turned away from the only way in which you can be saved. 92 per cent of Christians came to Christ before they were 10, 95 per cent before 25.

Where are you going to spend eternity? If you are living in sin, you will be in hell—God says so.

It was not down the far famed "saw dust trail" but down the carpeted aisles of the Michelson Memorial M. E. church that forty-eight souls followed their way to the front last Sunday night to grip Evangelist "Bill" Colegrove's hand and declare that they, young people of school age and adults, possessed the "brave manhood and womanhood" that is not afraid to stand up for Jesus Christ.

Record crowds are turning out each night to hear the powerful messages of the Rev. W. S. Colegrove and to enjoy the inspiring music under the direction of Mr. Harry Dixon Loes. According to the judgment of some of the old time church workers of Grayling, these gospel itinerants are the best team of revivalists that has ever held up the banner of salvation in Grayling. Both the pastor, Rev. J. Herman Baughn, and his committees are loud in their praise of the evangelists and their helpers.

sent opportunities are outstanding in the possibilities of achievement for Christ and the Church.

Showing himself a man of sterling worth, unquestionable sincerity, and marked ability as a revival leader, "Bill" Colegrove, by faithfully preaching the gospel of Christ without fear or favor, has gradually worked his way into the hearts of his hearers. His sermons have been freighted with the forcefulness of a mighty preacher and they have been upon them the earnestness of a day of swarming thought and belief.

A crowd of men that filled the court room in the county court house heard Evangelist Colegrove Sunday afternoon in his address on "The Half Baked Man." Mrs. W. S. Colegrove, who has come to assist in the services as pianist and women's worker, spoke to a capacity audience of the fair sex in the Methodist church at the same hour.

"If there ever was a time when we needed brave men in the pulpits and in the pews, it is today," declared the preacher Sunday night in his sermon on "Brave Men," which was heard by an audience that taxed the seating capacity of the auditorium and galloped. Declaring that "not everybody who wears pants is necessarily a man," and admitting the principle of the "old maids" who refuse to be tied down to "tobacco chewing, boozy cussing, no-account bi-peds," the speaker drew a round of laughter and applause from the throng, and then added, "Girls are too anxious to get married today; you can tell that by the things they marry."

## WHO WILL BE DISTRICT CHAMPION

BASKET BALL TOURNAMENT TO BE HELD HERE NEXT WEEK

High Schools of Five Counties to Contest

The long looked for time for the annual high school basketball tournament, is just ahead of us—next week, March 11, 12, and 13. At this time the high school teams of five counties in what is known as District No. 23, will meet in Grayling. The counties of this district are Crawford, Ashtabula, Otsego, Ogemaw and Missaukee.

The tournament will be held in the high school gymnasium where everything is in readiness for the event. New bleacher seats have been installed preparatory to care for a large attendance in a comfortable manner.

The schedule, as now arranged will call for ten games. Two will be played each afternoon and two each evening. There are no games scheduled for Saturday afternoon but in the evening the two undefeated teams fight it out for the final district championship.

It is anticipated that there will be many outsiders in the city to attend the games. These will begin at 2:00 o'clock in the afternoon of Thursday and Friday, and at 7:30 o'clock Thursday, Friday and Saturday evening.

The referees selected to act in the tournament are Heubner of Saginaw, Y. M. C. A. and the manager of the Saginaw Triangles, Roy O. Milnes of Lansing, and E. Brooks of Mt. Pleasant Normal.

Among the schools already entered are Grayling, Grand Rapids, Roscommon, West Branch, Frederic, Vanderbilt, Wolverine and McBain.

The local management, under direction of Supt. H. E. Smith, is under considerable expense in bringing the tournament to Grayling. It was largely because of our fine gymnasium that we were considered at all. Now that we have made a start this annual event should have the support of the local residents both financially and morally. Season tickets are only \$1.25 for adults, or an average of twelve and a half cents per game; and school students 75 cents, or seven and a half cents per game. A portion of the money will have to go toward the payment of the referees and the prizes and as much as paid the visiting teams as possible to help cover their expenses. Last year Grayling received toward expenses while at Petoskey the sum of \$76.00.

Let's have a good turn-out of business men and other local citizens. Give the visiting schools a warm welcome and see that they are well cared for while here.

TO PAVE ABOUT 70 MILES M-14 THIS SUMMER

Pavement of M-14 from St. Johns to a point five miles north of the city of Clare, was asked by a special committee from the M-14 Association Tuesday morning of last week. They called on Governor Groesbeck and were closeted with him for more time will permit.

The delegation were given assurances by the Governor that M-14 was his favorite north and south trunk line and that the route asked for would be improved as rapidly as money and the entire highway program for the coming season will depend upon the administration bills now pending in the special session of the legislature.

It is planned to pave 14 miles north of Harrison, in addition to the proposed 50 miles from St. Johns to Clare, and this, with the completion of the pavement from Jackson to Lansing will make one of the longest paved stretches in the State.

Services at the Michelson Memorial church every night except Monday, is 7:30 o'clock, good singing and good speaking. Every one invited.

## FORESTS MAGAZINE INTERESTED IN PINES

The American Forests and Forest Life Magazine of Washington, D. C. has written the following letter to Salling Hanson Company in reference to their tract of virgin pine near Grayling:

Mr. Salling Hanson,  
Grayling, Michigan.  
Dear Mr. Hanson:

In the February 7th issue of the Detroit Free Press an interesting article on your tract at Grayling has come to my attention. I am particularly interested in a splendid picture of a giant white pine, published with this article, and am wondering if you would give me permission to use a print of this picture in our magazine, AMERICAN FORESTS AND FOREST LIFE, a copy of which I am sending you.

If you are willing that I should do this, I should appreciate very much indeed to receive a print of this picture and of any others that you may think of interest to our readers. You may also be interested to know that I am running a short account of this tract in an early issue of the magazine.

Very sincerely yours,  
Tom Gill, Associate Editor.

Mr. Tom Gill, Asst. Editor,  
American Forests & Forest Life,  
Washington, D. C.

Dear Mr. Gill:

I am in receipt of your favor of the 15th inst. regarding the Grayling Pine, which I on behalf of our Company offered to the State of Michigan for a Public Park and Game Refuge. It is a pleasure for me to see that you are interested in this matter. I have recently had some photos taken showing views from the Pine forest and vicinity, however, although I ordered a number of prints, the supply has been exhausted, because I have received so many requests for prints from newspapers, magazines, organizations and individuals, but I have ordered additional prints made and expect to have same in about two weeks. As soon as I receive them, I set including the one photo of the giant White Pine, which you mentioned in your letter, will be forwarded to you, and you may use these photos or some of them for the purpose indicated in your letter. In fact I would be very pleased to see an article in the "American Forests and Forest Life" regarding this last tract of "Virgin White Pine." Should you desire any information for your article, please do not hesitate to write me and any questions that you may ask will be answered as fully as possible.

Yours very truly,  
R. Hanson.

## NEW TAX MEASURE A. K. D. BY COOLIDGE

Reduction Bill, Approved by Senate by Vote of 61 to 10, Becomes Law.

Washington.—The newly enacted law providing tax reduction of \$307,000,000 this year has been signed by President Coolidge.

As finally approved the bill, which was passed by the senate by a vote of 61 to 10, pares down income taxes to their lowest levels since the World War and wipes out virtually all the miscellaneous excise and occupational war levies.

Of the \$307,000,000 reduction in the federal tax total, more than \$200,000,000 will represent a saving to personal income taxpayers. Under the new schedule a married man with two children will have to make \$4,330 before he is subject to income taxation. Personal exemptions are increased from \$1,000 to \$1,500 for single persons and from \$2,500 to \$3,500 for married persons. The normal rates are reduced from 2 to 14 per cent on the first \$4,000 of taxable income; from 4 to 5 per cent on the next \$4,000, and from 6 to 5 per cent on the remainder. Surplus rates, now ranging upward to 40 per cent, are scaled down so that the new maximum is 20 per cent.

These miscellaneous excise and occupational taxes are repealed outright: Automobile trucks, automobile tires and parts, jewelry, cameras and lenses, photographic films and plates, firearms and ammunition, except pistols, automatic slot machines, mah jongg sets, works of art, brokers' towing alders, pool and billiard tables, shooting galleries, riding academies, automobiles for hire, tobacco manufactures, optical dispensers, yachts, except for-foreign-built heretofore purchased; stamp tax on checks and various other legal papers.

The tax on passenger automobiles is cut from 5 to 3 per cent; that on admission tickets is amended to exempt tickets costing 10 cents, in place of the present 50-cent maximum; varying reductions are made in the tax on virtually all grades of cigars; and the tax on alcohol is reduced from \$2.20 to \$1.60 per proof gallon.

The capital stock tax is repealed, and the flat corporate income tax is increased from present 12 1/2 per cent to 15 per cent on taxes paid hereafter.

The gift tax is repealed and inheritance taxes are reduced. The inheritance tax maximum rate becomes 20 per cent in place of 40 per cent; the present 25 per cent credit for amounts paid in state inheritance taxes is increased to \$10,000.

The only new tax in the bill is a levy of one-half of a cent a gallon on cereal beverages. Most of the provisions go into effect immediately. The new tax reductions will apply to the payments due March 15 of this year and hereafter. With federal taxes reduced \$700,000,000, the new law will save the government \$300,000,000 in the fiscal year ending June 30, 1935, and a \$400,000,000 increase in cost of state and local governments during the last five years.

## 11 Dead; Scores Hurt in Midwest Storms

Chicago.—Eleven are dead and scores injured as a result of high winds and heavy rain in the middle West.

Sweeping out of the northwest and tearing the storm struck the central part of the country, accompanied by heavy rains and snow, and a 30-mile-an-hour gale causing incalculable property loss. Buildings were destroyed, streets flooded, telephone and telegraph lines damaged and traffic delayed.

Michigan and Wisconsin reported a few deaths. Wind and rain were closed and traffic suspended at Escanaba, Mich., where they had the most severe storm in four years.

The greatest loss of life was in Ohio, where five persons were killed. Although practically the entire town of Tisdale, Miss., was demolished only one death was reported. M. C. Spencer of Indio Falls, Ohio, was fatally injured by a door blown from its hinges. Two persons also lost their lives near Crater, Miss. One was killed at Orwood and another near Greenville, Miss.

## Obregon to Seek Presidency

Nogales, Ariz.—Gen. Alvaro Obregon plans to emerge from retirement on his farm in southern Sonora and be a candidate for the presidency of the republic of Mexico in the 1935 elections.

## Canada Steel King Dead

Hamilton, Ont.—Robert Hobson, president of the Steel Company of Canada, is dead at his home here, aged sixty-five. He suffered a stroke.

## Denies Big Lakes Merger

Montreal, Que.—An explicit denial of a merger between Canada Steamship lines and the Elgin or other interests was issued by W. H. Coverdale, president of the Canada Steamship lines.

## Five Years for Killing Wife

St. Louis, Mo.—John M. McCully, former city jailer, who shot and killed his wife here last November 23, has been sentenced to serve five years in the penitentiary.

## ON THE DEFENSIVE

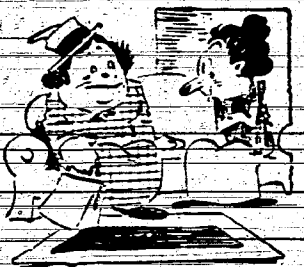

"Mr. and Mrs. Smythe are a well-matched couple, don't you think?"  
"Heavens no! She keeps him on the run all the time!"

## APPRECIATED THE CINCH

The Post—Nowhere in nature can such coloring as adorns thy cheek be found.  
The Girl—And I'm not telling anybody of the only store in town that keeps it in stock either.

## ACCEPTED HIS SUIT

Girl's Aunt—I suppose she's going to wear men's clothes now.  
Girl's Mother—What makes you think that?  
Girl's Aunt—I hear she's accepted Jim's suit.

## JUST THE THING

Mouse Motorist—How lucky, I need some new tires!

## WHO'S "BEST"

Wife—You don't love me a good half!  
Hubby—I love you—a better half!

## AT A DISADVANTAGE

Movie Publicity Man—I can't think of a single new thing for our child star.  
Assistant—What a pity she's too young for cinema.

## EXPENSIVE COURSE

Friend—Do you find your college course very expensive?  
Student—Yes; skeletons and such things come high.

## Tibetan Church Music

### Charmed Soon Hadin

Dr. Sven Hadin, the Swedish explorer, who was the first white man to penetrate into the interior of Tibet, has excited the curiosity of musicians by his extravagant praise of the church music of that mysterious country. He claims that he has visited no fewer than 31 temples in the land of the Grand Lama, and that he found the music of the "temple service" to be so beautiful that he was spiritually transported by it to regions supernatural. He writes: "All through Tibet the life of these monks has appealed to me and filled me with delight beyond anything I can say. The most delightful thing in all Tibet is the church music. Fresh young voices, softened by thick, dark draperies along the front of an open gallery, pour forth their wonderful hymns, full of peace and love and longing. Between whistles you hear the rumble of thunder of the bassoons and the rhythmic clash of the cymbals; then the flutes with their shrill melodies and the rolling drums, which echo through the high halls of the temples. But the singing is by far the most beautiful; it carries one up and away from the troubles of this earth."  
—Pierre Van Paassen, in the Atlanta Constitution.

## Long List of Injuries

### Result of Accidents

Examples of disease resulting from particular accidental conditions most frequently found in the experience of the compensation commission are accidents to the head or spine resulting in epilepsy, nervous or mental disease, or insanity; serious fracture or shock resulting in traumatic pneumonia; severe trauma or severe burns or extreme exposure to cold and wet, resulting in nephritis; injuries to the eye resulting in cataract, detachment of the retina, optic atrophy, and numerous other diseases of the eye; sprain or fracture or dislocation or blow resulting in arthritis, bursitis, cellulitis, synovitis, periarthritis, osteomyelitis, or tuberculosis of the bones; serious injury to the chest, with traumatic pneumonia; injury with tuberculosis of a bone or joint; injury with severe infection, or severe injury from inhalation of gas resulting in tuberculosis of the lungs.

## The Man Who Builds

No man ever builds anything who doesn't first rear a castle in the air—without a foundation, of course, but no one ever builds a castle in the air save the optimist. Optimism is a splendid asset. But it is not a sufficient one. No man ever gets anywhere, whether he is selling straw hats or building empires, or peddling ice cream, unless he possesses that unquenchable mastery of his own moods, that brooding, genuine assurance which makes him go on, on believing that better things are ahead.

A famous New England merchant once said: "Almost every man knows the things that must be done to get along in the world. Those who don't get along are the ones who refuse to do the things they know so well."  
—William E. Telling, in the American Magazine.

## History of Locks

The history of civilization could be written from a study of its locks and keys, for since the barred gate of Eden problems of inclusion and exclusion have concerned mankind. Egyptians and Greeks were adepts at lock-making; the Spartans wrought an improvement of which the description is lost. It is a historic fact that the downfall of the Babylonian empire was hastened impetus to the manufacture of wards and bolts for Rome had policed the world and thieves were encouraged by the disappearance of strong-armed authority which they had feared. It is singular in view of the prevalence of padlocks in official employment today, that the derivation of the first syllable of the name is uncertain. Webster says that it may have meant a basket or pannier.

## Legion of Honor Origin

The Legion of Honor, the famous French order, was instituted by Napoleon Bonaparte when he was first consul, May 19, 1802. Although this order confers honors upon distinguished civil servants of the state and eminent benefactors of humanity, it is provided that three-fifths of all the medals awarded must go to the officers and men of the army and navy. During the World War thousands of the medals of the legion were awarded to soldiers and public servants. There are now five classes: the Grand cross being the highest.

Many American and British citizens received the medal of the Legion of Honor, and immediately after the war it was also conferred upon the military leaders of the allies of France.

## Builder's Device

The principle of the entasis, which is a swelling or outward curve of the profile of the shaft of a column or pillar, is utilized to avoid appearance of concavity in its middle portion. In the finest examples of Greek Doric the swelling is a little below the middle point of the shaft, but never so great as to interfere with the steady diminution of the shaft from the base upward. The entasis is designed partly to counteract the optical illusion which would cause the profiles of the shaft to appear curved inward if they were bounded by straight lines. The entasis is almost invariably introduced in the spires of English churches.

## Tempting Meat Cuts

When you buy meat you are desirous of getting the best on the market. We sell only the best.

For Our Lenten Trade we have Fish of all kinds—fresh, smoked, or dried. We can please you.

# Doughnut Revealed as Poison Gas Producer

Life seems to be just one message after another. Here is a man who has died from the fumes of cooking doughnuts. Having reached the saturation point with all the other sorts of major threat, and damage for the time being become measurably adjusted and reconciled to them—bolshivism, communism, anarchy, foreign wars and complications—just when we are all growing a bit easier in mind this most unexpected and unnatural peril arises. The doughnut is a work of peace, our most domestic and tractable contrivance. Heretofore its disposition has been mild and friendly. Nobody ever heard of a doughnut going on strike, exploding with a loud noise, turning to mob law and violence. This only trouble it has ever caused, according to the best authorities, is some controversial friction on the question of resemblance to the cruller. Some have contended that a doughnut is not a doughnut at all, but the true cruller, while the cruller is really the doughnut without the hole. Now it turns out that the doughnut has suddenly committed murder by an unexpected capacity to produce poison gas. For the sake of the merest fragment of belief that there are still harmless and innocent things in the world, it is to be hoped that this doughnut story may prove to have been exaggerated. —Exchange.

# Eyes Need Extra Care

**When Lights Are Poor**  
Autumn and winter months are trying where artificial light is not of the best. The eyes need great care if they are to remain in good condition under the strain.  
If the eyes give any definite trouble an oculist should, of course, be consulted at once. But a simple home treatment will not only act as an efficient "refresher," but will also rid the eyes of all harmful secretions of dust. Make a weak solution of boric powder (about one teaspoonful to a pint of boiling water) leave to cool, bottle and cork tightly. Use this in an eye-bath which can be bought of a druggist.  
Night and morning give the eyes a good "bath," using a fresh bathful of the solution for each eye. Once you have started the treatment you will find it so beneficial that you will continue all the year round, much to the improvement of your eyes.

# Where Columbus Trod

"All day long we eat the sun," is the delightful way in which a Santa Fe cafekeeper described life in that city about Christmas time. When you consider that a cool wind from the snowy Pampanga gives zest to the sun feast, this City of Sacred Faith, where Almorah feet have never trod, deserves mention, especially as a rendezvous for Americans. For over its Pinos Puente Columbus once journeyed on his way to France after he was repulsed by Spain as a visionary, and it was on the same bridge that stands today that the queen's messenger caught up with him and told him that his plans were favored, and, weeping for joy, he turned to make Spain his embarkation land on his memorable voyage to America. A picture of this bridge should be in every American schoolhouse.

# Happiness in Duty

Whoever goes to his work rejoicing in the vigor of a generous motive, whoever abandons a vice because fascinated by the idea of self-control and the loveliness of the better way, whoever goes aside to do a kindness out of the pure love of the neighbor, manifestly finds the ground of his content in the surrender of himself to what seems to him richly to deserve the service he pays. The content is not because it is a gratification, but because it is the frame which suits this service. All other search for happiness fails, because it is really an effort to satisfy some instinct, whose very essence it is not to be satisfied, but to crave ceaselessly and forever. —Samuel Johnson, in "The Duty of Delight."

# The Boneyard

The men with pick and shovel seem able to uproot human skeletons, no matter in which part of the earth they dig. This world must have been quite a burying ground during the last 1,000,000,000 years. The delvers with the Franco-American expedition in the Sahara turned up the bones of some human that must have been over six feet high and is thought to have been a woman, at that. The bones are thought to be of a pioneer—Pueg—somebody who came into the desert when it was young and before Timuktu was staked out. It seems quite simple to weave a story about a nest of human bones, no matter where found.

# Pigs Live in Nests

Wild pigs make nests in Siam, according to E. G. Gairdner, writing in the Journal of the National History Society of Siam. In India, Mr. Gairdner says, it is reported that the pigs make nests of grass but in the evergreen jungles of Siam there is little or no grass and the nests are made of sticks. The sticks are all bitten off from the surrounding trees and they vary in thickness from the width of a finger to an inch in diameter. They are piled about a yard high and in a cap about three yards broad. The pigs tunnel beneath the nests, presumably for protection against the lion.

# Eskimo "Burial"

Among the Eskimos, when a man dies he is wrapped in his best fur and laid upon the tundra or prairie at some selected spot. Then a cairn of stones built over him. Upon this are placed the cooking utensils, weapons and boat he used in life.

# Made Great by Difficulty

The greatest men have been those who have met the greatest difficulties. —Robertson.

# SUCH IS LIFE

# Foolish Parents

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois

I HAVE no doubt that if I had ever had a son I should have been as foolish a parent as any whom I have known. Nancy says she is sure of it. I can understand how it happens that fathers and mothers give their children what they cry for, because it is hard for me to deny a young person, not my child, anything it wants that it is possible for me to give.  
Sheldon senior has as much money as he needs and almost as much as he wants, so that it is no sacrifice for him to gratify the desires of his son, who has just entered college. When the boy was pledged to the fraternity that Sheldon had himself belonged to when he was in college, the older man was so pleased that he gave the boy a sporty-looking roadster to carry him to classes.  
"I've seldom known an automobile to be either a moral or an intellectual advantage to a boy in college," I said to Sheldon.  
"I know it's not good for the boy to have the car," he replied, "but I just cannot bring myself to deny him any thing I can afford to give him. It brings him pleasure."

Sheldon is a successful man; he holds a position of prominence and trust in the community in which he lives, but he has gotten where he is through hard work and sacrifice, and the doing without many things which would have given him pleasure. He does not want his son to reach success by the same methods as he has done. He wants him, in fact, to have none of the benefits which come from doing without things. Foolish parent!  
McCreedy has worked for everything he has. He went no farther in school than the eighth grade, and he does not understand why his son should want more knowledge of books than he has had.  
If he wants an education, let him work for it then," he says. "He'll appreciate it more if he knows how much it costs."

So, though McCreedy is quite able to send his son to college, he is unwilling to give the boy any help. Young McCreedy is fighting his own educational battles. He spends considerable time washing dishes and waiting on tables and raking leaves from lawns which might be employed in something far more useful and educative. He doesn't mind the work, excepting that when he has learned his lessons and earned his living he has no time for social pleasure, no time to play, no time for general reading. His foolish father is unnecessarily depriving him of a good part of a college education.

It is a serious matter being a parent. It requires more judgment and self-restraint than I should myself, perhaps, have had. The most foolish as I see them are those who make their children weak and selfish by allowing them no sacrifices and giving them no responsibilities, and those who rob their children of many of the pleasures of youth by giving them no help and no sympathy.

(© 1922, Western Newspaper Union)

# Joyous Colored Taffeta Ties

Enliven the Smart Tailleur

Not every scarf is expected to be two and a half yards long and wide in width, this spring. To be sure, this is a very popular dimension, that is for the usual graceful scarf. Indeed the scarf in all its phases is an outstanding note in spring attire. However, there is promise of a new vogue. The smart idea is the narrower necktie type, especially for the tailored dress or street costume.  
There's a knack in arranging these fancy joyous colored ties. They must be bowed and knotted with an "accidentally-on-purpose" nonchalance to add the required bit of dashing picturesque to the tailleur.  
Plaid taffeta is a favorite fabric for the modish narrow tie. In the picture a pair of tie-cuffs completes a most charming taffeta set.  
Comes from across seas the word that the chic Parisienne is wearing a necktie of colorful metal brocade. These ties are wound about the throat choker fashion, either tied in a double bow at the side or with the two short ends brought to the front.

# DIPPING INTO SCIENCE

**Nearest Fixed Star**  
Centauri is said to be the nearest of the fixed stars. The winner of the last Indianapolis automobile race would have to maintain his average speed about 29,000,000 years to reach it. That doesn't allow for time out to change tires, either. And Centauri is the nearest. Others would require considerable extra travel.

**He's a Brick**  
"He's a brick" is not a new expression. Lysurgus, king of Sparta, was visited by an ambassador from Ephesus who marveled at the absence of massive brick protective walls around the city. Asked why there were none, the king pointed to his army and said: "There are the walls of Sparta; and every man a brick."

**California's Grapes**  
Ten thousand refrigerator cars are required to transport the grape crop from the vineyards around Lodi, Cal.

# Inset Plaited Panel Imparts Smart Style to the Blouse

Dame Fashion pleases to announce a revival of the blouse among smart items for spring. Good news this! The separate blouse has ever been a favorite theme with the woman who studies the art of good dressing from

a practical as well as a modish standpoint. Along with this welcome style proclamation comes the word that it is the crepe de chine tailored blouse which will play the most popular role. Furthermore, the mode explicitly declares that plaiting and fine tucks will play an important part in the styling of the smart crepe de chine blouse.  
New in the way of plaited treatment are panels inset at each side of the front and across the back of the blouse, starting at yoke depth. The picture bespeaks the effectiveness of this unique arrangement, which accents the tailored note so consistently.

## Whispered Speech and Received Big Ovation

A prominent actor, who is well known as a speaker in national organizations, recently had occasion to go to a northern city to make an address at a dedication.

When he arrived in the city he was so hoarse that he could scarcely be heard. The committee of reception was dismayed. "Why not take some Turkish baths today?" was suggested. "All right," he responded in a whisper, "I'll try it." So he went through a steaming process, and sure enough, in the evening his voice had come back to him to an extent.

When he arose at the meeting he apologized by saying that he had practically lost his voice, but that after years, he would put into practice a precept of an old elocution professor, to whisper so that everyone who would be attentive could understand each word. So he whispered his speech. He was given an ovation—the greatest he had ever had. Later, in speaking of it, he said: "That was one of the principles laid down by Professor Nod years ago."

"He asserted that articulation was necessary in public speaking and that the voice could be pitched in any key or could be loud or soft. I remember as though it were yesterday when I stood on a platform in a large hall and whispered to him as he sat at the other end of the hall. He heard me perfectly. It was all due to articulation."—Philadelphia Record.

## Chronic Worry Nerves

**Solved Real Problem**

We all know the chronic worrier! The woman who always sees calamity ahead. Each new event that comes or threatens to come, is for her a new matter of apprehension.

To be sure, most of the things she worries about never happen, and the real problems of her life are not the things she foresees in time to fear.

But the fact remains that she squanders her vitality and her nervous system, maybe ruins her good digestion, and brings wrinkles into her face, worrying.

And she accomplishes nothing with all this tremendous waste of emotion. Things happen just as they would have if she could have remained calm and tranquil about things.—Montreal Family Herald.

## Islands Part of America

The Virgin Islands in the Caribbean sea were purchased from Denmark for \$25,000,000. The purchase was made during the World war to shut Germany out of a possible submarine base. But negotiations for the islands had gone on intermittently for a half century. Secretary Seward first opened the question with Denmark at the close of the Civil war. Denmark agreed, the purchase was arranged and the king bade farewell to his subjects, then Sumner in the senate killed the ratification of the treaty. On another occasion negotiations proceeded to a final stage, only to be rejected by the Danish parliament. The price paid amounted to about \$200 an acre for land worth for peace time purposes possibly \$20 an acre.—Kansas City Star.

## Nursery for Children

Some young mothers are so exercised over the thought of germs that they won't let their babies or children play on the floor. They let them tumble or sit up to a table to play. Now really, this seems a shame, when children of all ages enjoy "scotching around" so much. No cutting table of dining table can compare with a floor for a place on which to build blocks or set up railroad tracks. Why don't these people have a nursery with a floor kept clean enough and dusted enough to be played upon? Have this room kept for the children to play in and see that they wear little house slippers or sandals when playing there and that no grown-up enters who wears shoes that have trod the streets.

## The Foreman's Report

A splinter living in a London suburb was shocked at the language used by two men repairing telegraph wires close to her house.

She wrote to the company on the matter, and the foreman was asked to report.

"This he did in the following way: 'He and Bill Fairweather were on this job. I was up the telegraph pole, and accidentally let the hot lead fall on Bill. It went down his neck. Then he said: 'You really must be more careful, Harry.'"

## Romeo and Juliet

I can't bear to think Americans as a race are unromantic, but the evidence all around me is fairly strong. For instance, ask the average modern dapper fellow if he thinks Romeo and Juliet are Shakespeare's saddest lovers, and he may say, "Saddest? You mean, supplest! Gee! It's hard enough nowadays to find someone you can live with, let alone dying with them!" From "If I Know What I Mean," by Elsie Janis.

## Congenial Tree

One time as Toofus is going along the trail a leaf drops right into his hand. Toofus is pleased, stops and makes talk with tree.

Along comes Willow Plume and says, "Toofus, I told you that you must not talk to trees. People will think you are nutty."

"I did not intend to talk," Toofus said, "but this tree hands me his visiting card."—Louisville Courier-Journal.

## No Corn Just Then

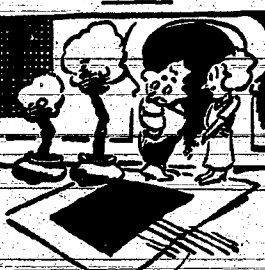

An English girl visiting in America and Kansas City for the first time, stood doubtfully at the door of a corn shed the other day at a hotel, when she watched her American friend demonstrate the process of roasting corn on the cob. "It is fascinating to watch you," she told her friend, "but I believe I'll try it—I've just had mine washed."—Capper's Weekly.

## SEASONABLE DRESS

Gracie Newdollar—I'm all ready for the party, mother. How do I look? Her Mother—Lovely, dear. But the weather is so damp and raw you'd better wear your heavy pearls, you might catch cold.

## CILY LACKED SHAPE

Mrs. Woodby Swelle—Yes, she's terribly lacking in form. Mrs. Aristah Kratt—But Mrs. Swelle, she's a woman of perfect breeding. Mrs. W. S. (Impatiently)—reverting to type!—Oh, I mean she ain't got any shape!

## TRIALS OF WEDDED LIFE

Radio Fan—Have you a loud speaker in your house? Longuffer—Yes, loud and incessant. I'm sometimes sorry I married her.

## LOTS OF 'EM WON'T

"Has your wife much will power?" "Well, not as much as she has won't power, I'd say."

## DIFFICULT BREATHING

Reggie (swallowing luncheon)—I'm empty, Miss Sharpe, I can't breathe. Miss Sharpe—It is always difficult breathing in a vacuum, Mr. Sapp.

## TRUST FATHER TO

Gladie Newdollar—I think my new dress is just too sweet for words. Mrs. Newdollar—Never fear. Your father will find plenty of words to say about it when he sees the bill.

## PERFECTLY NATURAL

He—There's one thing you girls are good at. She—What's that, please? He—At being artificial.

## "Horse Sense"

Yes, Chlotilda, it is true that the old hussy horse, of other days would stall, but he always had sense enough not to do so when he was straddling a railroad track.—New Orleans States.

## Friendships

Some friendships are made by nature, some created by contact, some by interest and some by souls.—Jerome Taylor.

## The Mourners

LOOKY BILL, FOR FELLOW'S GETTING KIND OF WABBY. YES, DO BAD AINT IT TOM.

## Farm Bureau Notes

R. D. BAILEY County Agricultural Agent

Seed, Lime and Fertilizer Lime

This is the time of year when good farmers will prepare for the spring purchase and use of lime. The writer would like to write and to send each farmer in the county, a circular about the use of lime on our farms.

This ought to be done, because many of our farmers do not take the time to get the lime. We believe that farmers are losers in not taking the "Avalanche." We believe that there are times when the Farm Bureau Notes, carefully read, would be worth to farmers the price of a year's subscription to the "Avalanche."

We do not send this circular about lime, seed and fertilizer because, the printing and postage on circulars enough to go around once would cost about five dollars. There is not a cent to do business with. The County Agent is himself paying the expenses of the office, already having paid out for that purpose \$73.75, with the month of March yet to pay.

**TEST SHOWS NEED**

The County Agent has tested soils all over the county. He finds that there are very few farms that do not need lime. Practically all of them need lime. Practically all of them need it badly—two to three tons per acre.

**No Disgrace to Need Lime**

We need not feel disgraced nor down-trodden because we need lime, any more than we would because the farm needs stable manure. We simply have not yet become accustomed to using it.

Tens of thousands of good farmers are using lime.

Even the splendid state of Illinois used five hundred thousand tons, half a million TONS, of lime last year. Counties all over Michigan are using vast quantities of it.

Woodford county, near us, has used thousands of tons in the last ten years, and has seen her alfalfa and sweet-clover fields spread wonderfully and the soil, as a consequence, greatly improved.

Osage county, joining us on the north, is bringing it in at a great rate.

Crawford county has been bringing it in for several years. Last year alone, we brought in 280 tons, six car loads, enough to lime 140 acres.

**DOES THE BUSINESS**

It does the business, too. Many are familiar with the fact that the County Agent established an alfalfa field on the sand of the State Demonstration Farm near Grayling. Lime had a large part in this.

**IN BEAVER CREEK**

On the Theodore Christopherson farm, in Beaver Creek township, there are two pieces of alfalfa, side by side on the same kind of land. Both were sowed with the choicest certified inoculated Grimm alfalfa seed. One was limed and one was not. Anyone can easily pick the limed field by its superiority.

**AT FREDERIC**

Just south of the village of Frederic, Mr. George Thomas used lime and got a good stand of alfalfa, seen by thousands, on land that had been badly run by lime. Mr. Thomas believes in lime.

**IN MAPLE FOREST TOWNSHIP**

In this township Mr. H. A. MacMillan will testify to the value of lime, and can, and will show you the field in which lime and the lack of lime made all the difference in the world in the stand of alfalfa and sweet clover.

Mr. MacMillan thinks so much of lime that he purchased 27 tons of it in the spring of 1925, and a whole 50-ton car in the fall of 1925.

Mr. Richard Babbitt, in the same township, will not sow alfalfa without lime, and he has good soil, too.

Mr. Eli Forbush has given his order for his spring supply of lime.

Two progressive young farmers, Mr. Wm. Love and Mr. Arthur Sking, believe in lime. It will eventually do great things for them.

**THEY BELIEVE IN LIME, TOO**

Besides the above we have a long list who believe in lime, having used it, and having paid out good money for it.

Alfred Hummel, Joseph Mallingier, Theodore Leglie, Mrs. Jens Hanson, George Annis, H. P. Jensen, Ralph Howard, A. E. Failing, Jos. Burton, W. C. Linger, Wilhelm Johnson, Myrtle Wright, Jesse Biffel, James Williams, John Carlson, John McGillis, Hugo Schreiber, Sr. John and George Knecht, Harley Diltz, Paul Feldhauser, Paul Hammer, C. C. Fink, Hugo Schreiber, Jr., Charles Corwin, Chris R. King, Tony Nelson, Rasmus Hanson, Adam Gierke, Godfrey Hirtzel, H. J. Heideman, Peter A. Klein, Joseph W. Salisbury, Reuben Ellis, O. B. Scott, Andrew Mortenson, T. E. Douglas.

**BELIEVED IN IT HARD**

These farmers used it by the carload: Rasmus Hanson, Tony Nelson, Adam Gierke, T. E. Douglas.

Several others used half or more than half a car.

Many hauled it very long distances. They were so determined to have it.

**WHERE DOES LIME GO TO**

On fields that used to produce good crops of clover it is now often difficult to get a stand of clover, alfalfa or sweet clover. This is because of lack of lime today. The lime that once was there has been reduced to an insufficient amount by leaching and by each crop taking away some of the supply. Hence, we must replace it.

The writer has tested virgin soil in this county and found it needing two and one-half tons of lime per acre.

**WOULD ADD NEW LIFE**

There are many farms in this county on which the yields of all crops are becoming smaller and smaller, the farm dying right before the farmer's face and eyes. This is from lack of lime and lack of green stuff to turn under.

**WHY BUY HAY**

It is cheaper to apply two tons of lime per acre and raise hay than to buy hay, far cheaper.

Two tons of lime per acre will cost, including freight, \$4 to \$5. Hay, this winter, is costing you \$22 to \$26 per ton. The ton of hay is soon gone.

An application of lime is good for six to ten years. The price of a ton of lime will last four to five acres and keep it limed for six to ten years with one liming.

Is there any good reason for buying hay when liming the land will raise hay worth many times the cost of the lime that made the hay possible?

**CAN'T AFFORD IT**

Many tell me, "I believe in lime, but I can't afford it. I can't get the money to buy it."

Farmers seem to find the money somewhere for hay. Why not use a great deal less money in lime and raise hay, and improve the land at the same time?

Pretty hard to get around—that point, isn't it?

**WHAT LIME COSTS**

The very choicest pulverized limestone for land can be had, loose in gondolas (open top cars) at \$1.50 a ton. I have just received the freight rates. They are:

To Frederic, 80 cents a ton.

To Lovells, 90 cents a ton.

To Grayling, 80 cents a ton.

To Roscommon, 90 cents a ton.

To Horvick, 90 cents a ton.

To Military Reservation, \$1.00 a ton.

Gravel Pit near Roscommon, \$1.05 a ton.

In box cars, 40 to 50 cents a ton higher.

**LET'S TALK**

Please call at the County Agent's office so we can at least talk about lime. Lime an acre to try it. Better lime ten acres and get some alfalfa growing to cut down hay bills.

**LIME**—"Put it on the land, don't put it off."

**Reason Not Given**

Whales are said to come nearer the shores of Chile than any other part of the world.

## Registration Notices

### REGISTRATION NOTICE for Township Election

Election Monday, April 5, A. D. 1926 To The Qualified Electors of the Township of Grayling, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary election and the day of such election.

The last day for general registration does not apply to persons who vote under the Absent Voters' law. (See Registration by Affidavit) March 27, 1926, Last Day for General Registration by personal application for said election.

Notice is further hereby given that I will be at my office at the Alfred Hanson Service Station, on

March 13 and March 20 A. D. 1926, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, to remain such resident, to vote at the next election, shall be entered in the registration book.

T. P. PETERSON, DEPUTY Township Clerk.

### REGISTRATION NOTICE for Township Election

Election Monday, April 5, A. D. 1926 To The Qualified Electors of the Township of Frederic, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary election and the day of such election.

The last day for general registration does not apply to persons who vote under the Absent Voters' law. (See Registration by Affidavit) March 27, 1926, Last Day for General Registration by personal application for said election.

Notice is further hereby given that I will be at my office on

March 13 and March 20 A. D. 1926, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, to remain such resident, to vote at the next election, shall be entered in the registration book.

JOHN ENSIGN, TWP. CLERK.

### REGISTRATION NOTICE for Township Election

Election Monday, April 5, A. D. 1926 To The Qualified Electors of the Township of Maple Forest, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. J. F. KNIBBS, TWP. CLERK.

### All Worn Out

#### SO WAS MR. PARKER WHO TELLS HIS EXPERIENCE

Are you tired all the time? worn out night and day? Does your back ache as if it would break? Do you suffer from dizziness, headaches, rheumatic twinges or distressing urinary disorders? You have good cause, then, to be worried about your kidneys. Do you know the story of Mr. Parker's experience? Mr. Parker, prop. notion store, 300 E. St., residence Park St., says: "A dull ache through the small of my back was the first sign of kidney trouble in my case. As time passed, my back became lame and worn out. I had to get up two and three times during the night to pass the secretions. After using two boxes of Doan's Pills, from Mac & Gidley's Drug Store, I was rid of the trouble."

## "Old Ironsides" to Go on Tour

Her first cruise in almost half a century will be made by the Constitution, most famous of the old frigates of the American navy, after she has been restored, if plans now contemplated by the Navy department are carried out. It is proposed to reconduct "Old Ironsides" and send her on a cruise down the Atlantic coast and perhaps up the Mississippi, stopping at various ports so that children and others contributing to the fund for her restoration may see her. Already more than \$150,000 has been received by the "Save Old Ironsides fund." The photograph shows the bow of the historic craft as she lies at the Charlestown navy yard.

## Illini Prepares for Relays

Now that the basket ball season is nearing the close of championship competition, all track men at the University of Illinois are practicing daily for the spring events, most important of which will be the Drake relays, to be held the last week of April at Des Moines, Iowa. The photograph shows H. R. White of the Illinois track team.

Order Issued by Authority of Act 230 of the Public Acts of 1925, Closing the Streams of the State to Brook Trout Fishing for a Period of Five Years Commencing on the First Day of May, 1926.

STATE OF MICHIGAN ) ss  
County of Ingham )

The Director of Conservation having made a thorough investigation of conditions relative to brook trout fishing, recommends the closing of the trout streams for a specified period.

THEREFORE, the Conservation Commission by authority of Act 230 of the Public Acts of 1925, hereby orders that for a period of five years from the first day of May, 1926, it shall be unlawful for any person to take, catch or kill, or attempt to take, catch or kill any brook trout in the rivers and streams of the State, excepting those rivers and streams designated on the map of the State, Conservation Commission under penalties provided by Section 5 of Act 230 of the Public Acts of 1925.

Signed, Sealed and ordered published this 21st day of September, 1925.

## Getting Up Nights

Is One of Nature's Danger Signals. A Healthy Bladder Does Not Act at Night.

Irritation, excessive acidity or abnormal deposits may be the cause. It needs cleansing. Lithiated Buchu (Keller Formula) acts on the kidneys and bladder as Epsom Salts on the bowels. R. D. Neblett, 10 Oak St., Battle Creek, Mich., says: "For three years had to get up three times at night. Lithiated Buchu (Keller Formula) helped me in two days—I now do heavy work." It isn't a patent medicine. The formula is on the label. Sold by leading drug stores or Keller Laboratory, Mechanicsburg, Ohio. Locally at Mac & Gidley's, Druggists.

Mrs. Frank Amstett returned Monday morning from a two weeks visit with relatives and friends in Detroit.

Strictly fresh eggs. N. H. Nielson, Phone 1163. 2-25-2

The Ladies-Aid of the Danish Lutheran church was entertained at the home of Mrs. Hansine Hanson last Thursday afternoon.

The Ladies-Aid of Michelson Memorial church will hold their next regular meeting Friday afternoon, March 12th, at the church.

Mrs. B. A. Cooley left Saturday night on a week's business trip to Detroit, stopping with friends in Bay City over Sunday.

Mrs. Ernest Larson returned Monday afternoon from Detroit where she had been visiting relatives and friends the past two weeks.

Messrs. Nels Corwin, Chris Hoesli, John Mathieson and Menno Corwin left Sunday night for Lansing to drive back four new Star cars.

There will be a meeting of the members of St. Mary's Society at the parsonage tomorrow evening, Friday, following the Lenten devotions.

B. E. Smith returned Sunday morning from Washington, D. C. where he had been in attendance at the National Convention of School Superintendents.

The Mercy hospital Aid Society will meet with Mrs. Keyport Thursday, March 11th. Mrs. Grant Salisury and Mrs. Herluf Sorenson will assist.

Earl Dutton of Roscommon who, with Todd Wilkes of this city, spent most of the winter in Florida, has returned. Mr. Wilkes is still in the south.

Announcements have been received of the birth of a daughter, Mary Jane, to Mr. and Mrs. Walter C. Roe of Detroit on February 24th. The mother will be remembered as Miss Mabel Colten.

The Womans Home Missionary Society of the Michelson Memorial church will meet with Mrs. T. J. Herick on Wednesday, March 10th. Mrs. Luther Herick will assist. A good attendance is desired.

The birth of a daughter Sunday morning to Mr. and Mrs. Elmer Rasmussen of Birmingham will be glad news to their Grayling friends. Mother and babe are getting along nicely at Harper hospital, Detroit.

Mrs. Charles Fehr entertained several ladies at a card party Thursday evening. 500 was played. Mrs. Max Landsberg winning the first prize and Mrs. Ambrose McClain consolations. The hostess served a delicious lunch.

Word from Port Angeles, Washington, announces the recent marriage of Clara E. Madsen, son of Mrs. Louis Madsen of this city to Miss Elma McDonald. The groom is well known in Grayling and his friends extend best wishes.

Mr. and Mrs. Carl Sorenson entertained a few friends Thursday evening at 800. First prizes were won by Mrs. Harold McNeven and Holger Hanson, and consolations by Mrs. J. Schoonover and Harold McNeven. A delicious lunch was served late in the evening.

Olaf Sorenson and Sons store is undergoing remodeling. The part of the store and the music room is being torn down, leaving a large space that will be made into a first class ice cream parlor for both ladies and gentlemen.

To honor Mrs. Harry Simpson and Miss Ann Walton of Detroit, Mrs. A. M. Lewis entertained twenty ladies Monday afternoon. Bridge was the pleasure of the afternoon. Mrs. C. G. Clippert holding the high score. Mrs. Simpson received the farewell gift, and Miss Walton the guest gift.

Everybody buy season tickets to the basketball tournament next week. This affair will bring hundreds of people into town for three days, and the success of the tournament will mean that it will be held here each year. It is a fine thing for Grayling. See that every fellow is treated so well that he will carry away nothing but praise for our city.

The merchantable stocks of potatoes on farms and in the hands of local dealers on January 1st in the 35 late potato states are estimated at 67,127,000 bushels as compared with 119,223,000 on January 1, 1925 according to a statement issued by Verno H. Church, U. S. Agricultural Statistician. The Bureau of Agricultural Economics and L. Whitney, Commissioner of Agriculture. These are the smallest holdings on January 1st of any year since 1919, when the stocks amounted to 65,405,000 bushels.

Miss Mabel Shipley of Gaylord is assisting in the Avalanche office as linotype operator.

Mrs. William Colegrove, wife of the Evangelist "Bill" Colegrove, arrived in the city Saturday.

Francis Reagan of Detroit was in the city Friday visiting his brother Robert Reagan and family.

Edgar Douglas returned Tuesday to his home in Lovella after spending the week end with Grayling friends.

Miss Eva Hendrickson entertained the student nurses of Mercy hospital at her home Tuesday evening of last week.

The Avalanche force has been on the sick list this week and all except "Mac" have been under the doctor's care. With lots to do and nobody to do it gave us a decided setback, but all are back on the job today and the paper will be printed today as usual.

Grayling high school basketball teams will play the Frederic teams on the latter's floor tomorrow night. Frederic is boasting of two of the best teams they have had in years and have been making a fine showing. Recently they trounced the Gaylord team. Grayling is looking forward to hot contests.

Announcements have been received by Grayling friends of the engagement of Vincens Grandjean to Miss Doris Dahl, daughter of Mr. and Mrs. Chr. S. Dahl, also of Denmark. Mr. Grandjean is well known in Grayling having spent about two years in this city. He recently returned to his home in Denmark after a several months sojourn here.

Snowstorms of the past week have kept the State busy plowing out the trunk lines. However M-14 is in fine shape. Considering that this is the first year that this line has been kept open there has been quite an amount of use made of it. No doubt another year will see still more people traveling in the winter by auto when they can be assured of good traffic conditions.

Graham McKay, who travels for the Chatfield Milling and Grain Co. of Bay City, and who is well known in Grayling, met with quite a serious accident one day last week while driving on his route near Alpena. The car swerved and turned turtle pinning its occupants underneath. Mr. McKay suffered a broken collar bone and was badly bruised, but his gentleman companion was only slightly bruised.

The home of Mrs. C. G. Clippert was the scene of a lovely affair on Thursday afternoon when Mrs. Clippert together with Mrs. A. E. Mason entertained some fifty ladies at tea. The dining table was beautifully arranged with a silver basket filled with white hyacinths and tied with orchid tulle. This was surrounded with four silver candlesticks with orchid candles. The hostesses were assisted by Mrs. Esbern Hanson who presided at the tea table, Mrs. Holger Peterson, Mrs. Robert Reagan and Mrs. A. M. Lewis.

Miss Beverly Schaible was a happy girl on her tenth birthday, Friday, February 28th, when fifteen young friends attended her birthday party at her home on the Military reservation. Her father met the party at the schoolhouse with sleighs and first gave them a speedy ride over the five miles of highway to their home. They enjoyed music and dancing, and what was not the least, many good things. A nice present was given to Miss Beverly by her little guests. The home was prettily decorated in evergreens, carnations and sweet peas, for the occasion. Mrs. Ben Landsberg accompanied the party and assisted in entertaining.

## The HOOVER

It Beats, as it Sweeps, as it Cleans

If you would know why you should choose a Hoover in preference to a "vacuum cleaner" simply ask yourself this question:

"How can I beat my rugs electrically, and sweep them—in addition to air-cleaning them—unless I buy the cleaner that beats, as it sweeps, as it cleans?" We have the Hoover and on very easy terms, too.

Sorenson Bros.

The Home of Dependable Furniture.

Robert Gillett returned Thursday afternoon from a few days business trip to Bay City.

Mrs. W. W. Lewis left Wednesday night for Lansing to visit her daughters for several days.

Charles Clawson, son of Johannes Clawson, had the misfortune to break his arm one day last week.

Mrs. Adam Gierke expects to leave this afternoon for Detroit to visit her daughter Mrs. Einer Rasmussen.

Mrs. Rhoda Everett arrived in the city this afternoon to visit her business interests, and to visit with friends.

Mrs. B. A. Cooley is spending the week in Grand Rapids, Detroit and other places buying spring goods for the gift shop.

Mrs. John Benson returned Friday afternoon from a couple of weeks spent in Detroit and Bay City. At the latter place she served on the Federal Grand Jury.

Grayling Chapter O. E. S. No. 88 held their regular meeting Wednesday evening at the Masonic Hall. After the business meeting a social evening was spent, the guest of honor being Mrs. Harry Simpson. A delicious lunch was served and Mrs. Simpson was presented with a beautiful flower basket by the Chapter.

Auto Owners: Don't forget the meeting of the Grayling Automobile Club at the Board of Trade rooms next Tuesday evening. The meeting will open with a banquet at 6:00 o'clock. The purpose of this meeting will be to consolidate with the automobile club of Northern Michigan, which organization is affiliated with the American Automobile Association.

The Congregational parsonage was the scene of a pretty but quiet wedding on Tuesday evening of last week when Miss Laura May Salisbury and James Norton Williams, two well known South Branch township young people, were united in marriage by Rev. Chamberlain. The bride was attended by Miss Violet Williams, a sister of the groom, while Leroy Scott acted as best man. The happy couple have gone to Pontiac where they will reside.—Roscommon Herald-News.

Grayling American Legion Post No. 106 are having some pleasant meetings at their hall, the repairs on which are fast nearing completion. They are taking a lot of pride in the building and when in "apple pie" order will open it to the public for exhibition. Each Monday there are more members present and the interest in the organization is increasing. Several new members have been added to the roster since the first of the year. They serve refreshments at every meeting.

For the pleasure of her daughter, Mrs. Harry Simpson, who is leaving Grayling, Mrs. Margaret Burton entertained Wednesday and Thursday afternoons with delightful teas. The tea table presented a picture of daintiness with its center-piece of bright pink sweet peas and roses and pink candles in silver candlesticks. Mrs. Burton was assisted on Wednesday by Mrs. Holger Peterson who poured. Mrs. Esbern Hanson and Mrs. Robert Reagan. On Thursday by Mrs. M. A. Bates who poured and Mrs. E. Matson and Mrs. Chas. Fehr. Both afternoons were delightfully spent by those present.

Orrie Hilton of Gaylord is in Grayling on business today.

Recruiting for this year's C. M. T. Camp Custer started Monday morning, March 1, and it is expected that Michigan's quota will be reached in the next four or five weeks. From all indications and advance information it is believed that this year's quota for Michigan will be exceeded by some 200 or more applicants by May 1, the date set for the closing of the recruiting campaign. Crawford county boys should get busy and make application early. It's a great outing with pay.

**Natural Soap**  
In British Columbia there is a peculiar mine from which a kind of soap is obtained. The origin of the substance is a mystery, but it consists of borax and some fatty ingredient blended by nature into the semblance and consistency of soap.

**GOOD FELLOWSHIP CLUB NOTES**  
The Goodfellowship Club met Monday with Mrs. Oscar Schumann. It was an open meeting and the gentlemen were present. Mr. Schumann read an interesting paper on the Press. The hostess served lunch.

**WOMAN'S CLUB NOTES**  
Mrs. Hendrie was hostess to the Woman's club Monday evening. Roll Call—Name an Indian musical selection.

Music of American Indians—Mrs. Geighlin.  
Miss Shirley McNeven played two Indian selections.  
Miss Cavanaugh rendered a vocal solo. She was accompanied by Miss Shirley McNeven.  
The Club will meet with Miss Isa Granger next Monday.
